Luck High School 810 S. Seventh St. Luck, WI 54853 Volume 51, Issue 1 October 26, 2022

## Homecoming

By Sophie Eder

On Sunday, September 25th, each class went downtown and painted windows. The freshmen took first place followed by the juniors, sophomores, and finally the seniors. The tailgate party and bonfire occurred after the harsh games of powderpuff where juniors dominated everyone. The freshmen had a hard day, with nothing but losses. At the tailgate party, Kelly Anderson generously made chili for everybody while the Luck Band played music.

At the bonfire, Jessica Blechinger and Jason Evenson were crowned homecoming king and queen. During the week, there were many competitions. The seniors took first place followed by the juniors, sophomores, and finally the freshmen. On Friday the 30th, the Luck Cardinals played the Shell Lake Lakers. It was a tough game for the Cardinals with a score of 43-0. They lost but still put up a great fight!

Window painted by the class of 2026.

Students talking before the big game starts.

People gathered waiting for the king and queen to get announced.

## Changes to the Campus...

By Mason Carter

As most know, our school is becoming quite the construction site. But what really is going to be made out of that dirt pile on the South side of the campus?

For starters, there will be a FEMA (Federal Emergency Management Agency) approved safe room that doubles as a gym area. This will also serve as the main entrance for all indoor sporting events. By the end of the school year, both the girls, and the boys locker rooms will be completely gutted, and prepared for remodel. This remodel will include: 2 girls locker rooms, 2 boys locker rooms, individual showers, and new bathrooms in the area.

The stage has already been updated (new floor, new curtain). New lighting will also be installed on the stage after the new gym is finished. In the library, new carpet and shelves have been installed. After remodel, there will be new panels, a new paint job, new tables, and a new floor in the greenhouse. New cabinets have been ordered for all high school rooms, which will be remodeled one at a time throughout the school year. The science room, FACE room, and shop are all scheduled for a remodel towards the end of all renovations.

During this time, the main ms/hs bathrooms, 5th grade-area bathrooms, and 2nd grade-area bathrooms will all be refinished. This set of remodels will be completed during the school year, so there will be periods of time where one of these bathrooms will be out of order. A few other possibilities being explored are: new furniture for the commons area, new lockers for the middle school area, and new playground equipment if necessary. Finally, as most probably already know, the school parking lot will be extended westward, and an entrance has been added to the north to help with traffic flow.

# Teacher Feature

By Molly Cook

## Mrs. Gavinski

What is your go to snack? - Popcorn  
 What motivates you to work hard? - Sense of pride and accomplishment  
 What has been your favorite family vacation? - South Dakota when Thomas pulled in the national pedal pull  
 Who is your celebrity crush? - Mathew McConaughey  
 What is your favorite word? - Summer

## Mrs. Wick

What is your favorite fast food restaurant? - French Fries, I don't care where they are as long as they are crispy.  
 What motivates you to work hard? - I want things to be interesting but also worthwhile. I never want kids to waste a minute of their life while in my classroom.  
 What was your proudest moment? - Once when a forensics judge said, "Wow you don't usually see this level of talent from the high school level", while reacting to a play I directed.  
 What is your favorite Disney movie/story? - I like Frozen because I like the clothes and the songs.  
 Who is your hero? - A professor in college because he was brutally honest with people.

## Mr. Baribeau

What's your biggest fear? - I have a very severe phobia of the ice on the lake.  
 What is your dream job? - A professional actor/musician.  
 What motivates you to work hard? - Helping those in need.  
 Do you have any siblings? - I have one sister.  
 What is your favorite music artist? - Luke Combs

*What's a teacher's favorite nation?*

*Answer: Expla-nation*

# What was your favorite part of summer?

*"End of school,"* Duane Iverson

*"Going home,"* Robert Kohl

*"Getting to learn new skills,"*  
Noah Saenz

*"Graduation,"* George Nielson

# Varsity Football

By Mason Carter

## Game 1 vs. Winter/Birchwood: Forfeit (W)

Though the Cardinals were looking forward to a week one game, Winter/Birchwood forfeited, resulting in an automatic win for Luck.

## Game 2 vs. Washburn: 42-18 (W)

Even after an upsetting first half, the Cardinals were able to snag a huge win in the second half of the game against the Washburn Castleguards.

## Game 3 vs. Phillips: 34-6 (L)

It was a rough game for the Cardinals in Phillips. They were shut out in the first half, though the second half showed many good things for the Cardinals to build on.

## Game 4 vs. Frederic: 44-6 (W)

After shutting the Vikings out in the first half, and giving up only 6 in the second, the Cardinals secured what seemed to be an easy win over Frederic.

## Game 5 vs. Flambeau: 34-6 (L)

This game was filled with injuries on the Cardinals behalf. The visiting Flambeau Falcons played incredibly physically against the Cards.

## Game 6 vs. Shell Lake Lakers: 43-0 (L)

The Cardinals faced an unusual homecoming loss after losing around half of their starters in week five versus Flambeau. It was rough, but it was a hard fought game on both sides of the ball.

# Girls Golf Updates

By Daisy Roehm

The girls golf team had a great season this year. Their team consisted of girls from Frederic, Luck, and Unity. They worked hard and broke many personal records this season including improving their score by 10 or more strokes. Jordan Olson finished 10th individually at the Northwestern tournament and had her career best 18 hole score on September 8th.

Jadyn Thaumert making a putt during a match with Jordan close by her side.

Then at the St. Croix Falls Invitational on August 25th Jordan placed 6th. At the Cumberland match on August 26th, Jordan placed 4th. Overall, the team had an outstanding season. The girls had their sectional match on Monday, October 3, 2022.

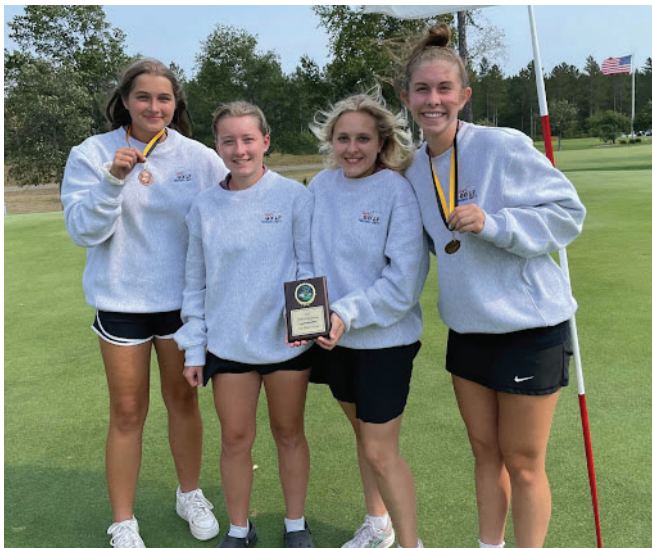

Emily, Peyton, Jadyn, and Jordan posing for picture after a match in Barron.

# Classroom Spotlight

## Catalhoyuk Houses

By *Amelia Kelch*

Ms. Wicklund's freshmen class has been busy learning about the Catalhoyuk people and how they built their Catalhoyuk houses. The freshmen were required to make a house similar to what the Catalhoyuks made. They got to use cardboard boxes and decorate them with wall paintings, fireplaces, trapdoors instead of regular doors, ladders, pottery and/or stoves. After they completed the houses, they got to burn them in the homecoming bonfire.

The excavation is pretty new and they still have a lot to dig. The site was first excavated by James Mellaart in 1959. He led a team in 1961 and 1965 to continue the dig. These excavations revealed a center of advanced culture in the Neolithic period. An interesting thing that excavators have found is that when they lost one of their family members, instead of burying them in a cemetery like we would, they buried them under their floor. They do this so they can feel closer to them after they pass away. Ms. Wicklund and her students had a blast making these houses.

# Signs that you're in a Small Town

By *Joe Tolan*

“When the population is under 900” - Noah Saenz

“When you know everyone and see them everywhere you go” - Brianna Brown

“That rumors spread quickly”  
- Tate Johnson

“When the best restaurants are the bars”  
- Thomas King

“When I see your mom” - Tanner Morley

“When there are no stoplights”  
- Jody Sampson

“When there are less than 100 people in your class” - Levi King

“Everyone knows everybody”  
- Christian Greener

“When you know everyone and their brother”  
- Mickenzie Wright

“When there aren't a lot of buildings and people around you” - Hayden Brown

“When you know quite a lot of people”  
- Robert Kohls

# Student of the Week

By Keira Anderson

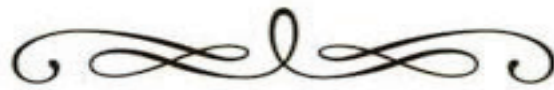

## Anders Dueholm

Anders Dueholm is a junior and the son of Eric and Amy Dueholm. Anders is responsible, hardworking, and a well-rounded individual who stands out as a leader. He is involved in Student Council and his church youth group. He also plays football, basketball, and golf. Anders enjoys going to the gym and sleeping. Congratulations, Anders!

## Jazzlynn Iverson

Sophomore Jazzlynn Iverson has a wicked sense of humor, a great work ethic, and a willingness to help make everything around her work well. She has an ability to see the big picture, and understand how small pieces of work fit into a big project. Her insights and ideas are always entertaining and surprising. She is a great addition to any classroom or organization. Congratulations, Jazzlynn!

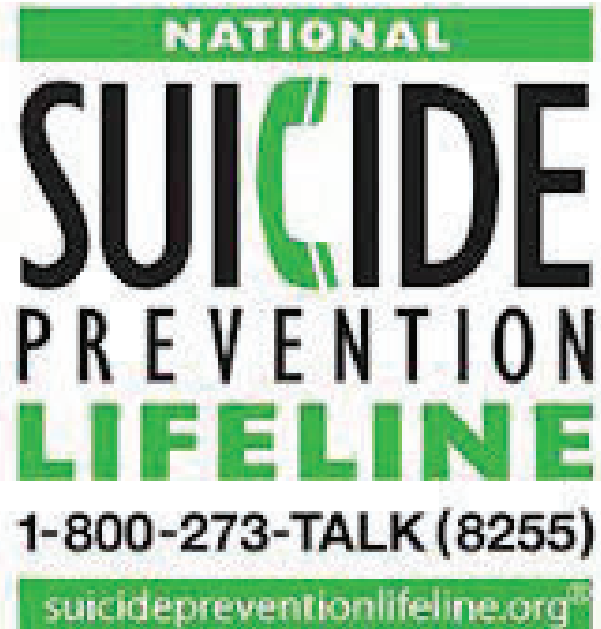

## Piper Hovey

Senior Piper Hovey is both hard working and easy going. She is capable and dependable, and not afraid to go outside of her comfort zone, learn new things, and face unusual challenges. Piper supports her peers with a warm disposition and a subtle sense of humor. Her favorite class is Construction Essentials and she likes to bike in her free time. Congratulations, Piper!

# Suicide Prevention Information

By Baillie Linder

September was National Suicide Prevention month. Having suicidal thoughts is a very serious thing that a lot of people suffer from, whether it is thoughts they have themselves to people they knew that committed suicide or people they know who are thinking of it. Everyone's life is so precious and so important, it should never be taken early by you (or others). Everyone is loved by someone and has so much to live for. If you are having thoughts or attempting or know someone who is struggling with it, please give these numbers a call. You are too precious to be taken. It is not a solution to the problems. It is just a quick fix that doesn't actually fix anything.

## Emergency Services Include:

- Mobile on-site response to assess and stabilize a crisis situation
- Short-term stabilization services
- Telephone crisis intervention
- Mental Health consultation
- Mental Health crisis consultation to community providers and law enforcement
- Assessment of risk to self or others
- Individual and family crisis assessments interventions
- Coordination of out-of-home placements including psychiatric hospitalization, if necessary
- Alcohol and Other Drug Abuse Services

These services are provided in homes, police departments, hospitals, schools and other community locations.
