Spirit Week 2023

By Daisy Roehm

Starting on Sunday, February 5, the high school came in to finish up their hallway decorating and snow sculptures. Throughout the week, the students got to participate in a series of activities including penny wars, grade puzzles, and a scavenger hunt.

Each grade got to pick a theme to decorate a hallway with. The freshmen theme was “Barbie” and they decorated the bathroom hallway in the commons. The sophomore theme was “Pacman/Video Games” and they decorated the hallway by the small gym in the commons. The junior theme was “Candyland” and they decorated the coffee shop area. The senior theme was “Under the Sea” and they decorated the entrance of the school.

Each day during W.I.N. there were games for the students to participate in to earn points. Monday, they were unable to play games due to the Blood Drive but not to worry because they got a great start to the scavenger hunt and the class puzzles. Tuesday, they did a basketball shooting game, lightning, limbo, and tug of war. On Wednesday they participated in dodge ball. On Thursday they did food relay, balloon pop, and musical chairs.

On Friday they got to spend the morning doing many different games such as volleyball, makeup game, kickball, true friends, mental toughness, Simon says, TP wrap, and food relay. They did some other fun activities such as duct taping a classmate to the wall and making a sandwich blindfolded with a friend. During lunch they competed in penny wars. After lunch, the students had a choice of what they wanted to do. They could stay inside the school or head outside. On Saturday, February 11, the student council hosted a Winter Carnival dance for the high school. There were snacks to enjoy by all and music was played by DJ Boo, our one and only high school guidance counselor.

C.I.A. Day

By Daisy Roehm

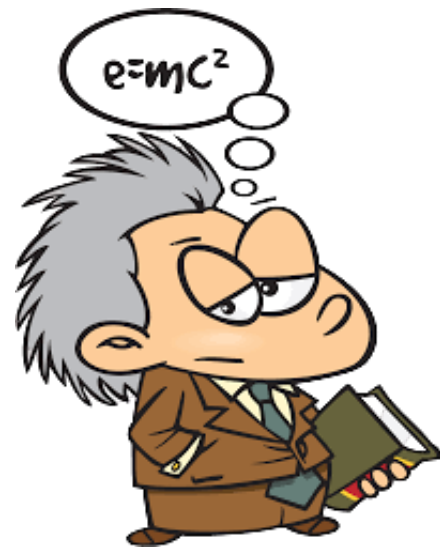

On January 6, the high school had their C.I.A. day. During this time they recognized all of the special people in the different sports and activities. They also acknowledged the academic achievements that students have accomplished throughout the first semester. They also identified the different clubs and groups that the students were part of. Many of the students received red and gold cards. To receive a red card the students had to be a full-time student who has earned a 2.7 GPA or higher during the preceding quarter, has three or fewer office referrals, failed no classes during the preceding quarter and has no unexcused absences. To receive a gold card the student had to be a full-time student who has earned a 3.7 GPA or higher during the preceding quarter, zero office referrals this quarter, failed no classes during the preceding quarter, has no unexcused absences and zero tardies. Another award that could have been won is perfect attendance. Great work to all students! Keep it up!

Spanish Club

By Sophie Eder

The Luck Spanish Club took a trip to The Twin Cities this year. On their trip they went to Minneapolis Institution of Art. After that they went to eat at Taqueria Las Cuatro Milpas. The club also went to Mercado Central, which is a Mexican market.

The Spanish Club hosted a 4K-12 movie party. The movie that was watched was *The Book of Life* and all of the kids had a blast. The Luck Spanish Club also sold tres leches cake and hot cocoa to help raise money for the club. They were very successful and sold a lot of their delicious treats!

The club also recently had some sweatshirts made by Frederic Design. The sweatshirts were designed by Maya Lumley.
