Greetings School District of Luck Residents:

Thank you for your attendance at the 2023-2024 annual meeting for the School District of Luck. It is an exciting school year for the School District of Luck. The majority of the referendum remodeling has been done. By being fiscally responsible and self-managing certain aspects of the remodeling, the district was able to not only get done what was initially promised in the referendum package, but add additional remodeling. The district has also spent the majority of the onetime federal Covid-19 relief funds. The district used the majority of this money to update the curriculum and curricular materials including technology for every subject and grade level taught in the building. The district also utilized this money to update playground equipment, purchase lockers, purchase new furniture, replace existing vehicles and other smaller items.

As the district looks to move forward, continuous improvement is always a focus. Making sure we maximize the potential of every student is a priority within the district. Hiring and retaining quality staff is at the forefront of this concern. Having competitive wages and benefit packages is a must for this to occur. The curriculum updates will hopefully continue to see positive outcomes in the district state report card. Making sure the resources are available to our teachers and the most up to date trainings will need to continue in the future.

The district operational referendum is in its last year of a 5-year referendum. The taxpayers will be asked in April to continue this commitment to the students of the area. The exact details of what they ask are being worked on as we look through the budget for the upcoming years. With inflation, an increase is going to be needed to maintain our current level of services to the community.

Goals of the district continue to be aligned with the district strategic plan.

1. Achieve excellence by supporting and focusing on the needs of students.
2. Partner and engage the community in the learning process.
3. Provide space and materials to ensure the maximum potential of the education process.

Thank you for your continued support of the School District of Luck.

Yours in education,

Cory Hinkel

INTRODUCTION

Wisconsin Uniform Financial Accounting Requirements (WUFAR)

The Luck staff continues to use the WUFAR state fund-object-function accounting system to develop balance between revenue and budget. Our budget report reflects a projected budget based on the best current information we have. As the State provides final numbers, we will refine our revenue determinations and adjust our associated budget. While budget adjustments are made throughout the year to reflect the changing needs within our educational program as well as new information from the State, the current budget provides a good estimate of revenues and expenditures for the information we have today.

Board Members of the School District of Luck

Jacob Jensen ----- President
Todd Roehm ----- Vice President
Amy Dueholm ----- Treasurer
Rick Palmer ----- Clerk
Sarah Cook ----- Director/CESA 11 Rep

Student Achievement

Student achievement, in and outside of the classroom, including test results, are posted to our website at www.lucksd.k12.wi.us. Please stop in frequently to see what our kids are doing and how they have achieved on standardized assessments.

Participation of Electors at the Annual Meeting

Wisconsin Statute 65.90.4 states that *"any resident or taxpayer of the governmental unit shall have an opportunity to be heard on the proposed budget. ...In school districts holding an annual meeting, the time and place of the budget hearing shall be the time and place of the annual meeting."* The Attorney General has stated that the governing body, the Board of Education in this case, cannot be compelled to make changes suggested by citizens at the hearing on the proposed budget. The intent of the statute is to provide a forum for public opinion, allowing the governing body to act in a fashion it believes best serves the public interest. Therefore, electors do not have the authority to amend the proposed budget or to approve or disapprove such a budget.

Following the budget hearing at the annual meeting, the electors in a common school district such as the School District of Luck have the power to vote a tax for the purposes set forth in s.120.10.6-.11. If the Annual Meeting has not voted a tax levy sufficient to operate and maintain the schools for the year, the School Board has the statutory obligation to determine the necessary levy prior to 1 November. Similarly, s. 120.12.3 provides the Board the ability to lower the tax if the annual meeting has voted a tax greater than that which is needed to operate the schools.

Classes and Day Trips

Over the past year, Luck Community Education has offered 33 classes and five day trips to the community. The day trips continue to be successful and have become known as Luck Community Education's "specialty". This past August, Luck partnered with Frederic and Siren/Webster Community Ed directors and took 100 people on a Stillwater Riverboat Cruise. On the other hand, it's still been challenging to find instructors and enough participants for classes. Water aerobics continues to be the most popular offering. Participants were even able to run self-led classes this past August while the instructor was on vacation. Self-led classes may be the only option again this winter when the instructor heads south. A call was made for a water aerobics instructor but no one has been identified to take over yet.

The current class schedule includes some new offerings like "Edible Mushrooms of Autumn" (scheduled Sept. 18 & 19 and has 15 people enrolled), "Crochet an Infinity Scarf", and "Create a Charcuterie Board" with Beth Lemieux. The Driver's Ed program was taken over by St. Croix Valley Driving School last year. Most of their classes take place at their location in St. Croix Falls but we were able to partner with them over the summer to hold in-person classes at the school. They will be offering another in-person session at the school in November.

The upcoming day trips include the Bayfield Apple Festival next month, "Million Dollar Quartet" at the Old Log Theatre, the Looney Lutherans at the Ames Center, and "The Lion King" at the Orpheum Theatre next April. The Luck, Frederic, and Siren/Webster Community Ed directors have also partnered for a second joint trip to Bentleyville in December.

Marketing

The much anticipated school app was released over the summer months. The app includes school news and events, the bell schedule, lunch menu, and so much more. Users of the app are able to get daily push notifications that include announcements and a schedule of activities. The next steps are to integrate Infinite Campus with the app in order to send out mass notifications. We will also be moving forward with Secured Access which will allow for targeted push notifications and two-way monitored conversations. As of July 31, there were close to 200 installs of the app but I anticipate

that this number is much higher since the release of the school newsletter and additional Facebook posts were done after this date.

The Birth to 4K Welcome Program is back in the district. This program was created to help establish a connection between district families and the school. At birth (or upon registration), a child will receive a "Future Luck Cardinal" t-shirt followed by an age-appropriate book on their birthday until they reach age 4 and start 4K. There are currently 35 children enrolled in the program!

Luck Community Ed continues to update the school website and newsletters, and has taken more of a lead on the school Facebook page as well as the Luck Cardinals Athletics Facebook page.

School and Community Events

Starting this year, Luck Community Ed will be taking over the Luck Holiday Experience. This was a good fit as many of the activities happen at the school. Vendors have started signing up for the craft show that takes place at the school and the other community activities that take place have been confirmed. The Luck Holiday Experience is Saturday, December 2.

Prairie Fire Children's Theatre was scheduled to return this past June however; we were notified at the end of April that all summer tours needed to be canceled due to a staff shortage. At this time, there has not been an update about its return.

The second annual Family Fall Ball is scheduled for Saturday, October 21. There were around 75 people in attendance last year and we received many positive comments. The event this year will run similar to last year with music from Matt LoRusso, light refreshments, fun activities, and raffle baskets. This event is open to Luck students in grades 4K-5 and their parents/guardians.

The Luck Community Ed Scholarship Fundraiser/Lasagna Dinner will also return and is scheduled for January 16. The event ran very smoothly last year, and so far ten 2023 graduates have applied for their scholarship.
